DAUGHTER OF BETHEL NATIVE LOSES LIFE IN AUSTRIAN HOTEL FIRE

Miss Ellen Irene Wight, 24 years old, of Bethel, died Friday from injuries received after jumping from a fourth story window during a fire at the Am Angarten Hotel in Vienna, Austria. Miss Wight's father is Carlton Wight, son of the late Kenneth and Elizabeth Wight of Bethel. Mr. Wight spent his childhood in Bethel, attending Bethel schools, and graduating from Gould Academy in 1946.

Miss Wight was one of three who died of the group of 32 touring Europe under the auspices of Wight's Travel Service of Bethel, owned by her father. Thirteen of the touring group were hospitalized primarily because of smoke inhalation. The hotel fire claimed a total of 25 lives.

While a student at Oklahoma City University, Miss Wight was selected as Miss Oklahoma in June of 1977 and was a participant in the Miss America Pageant.

Bethel Water District Announces Contingency Plans for Winter

**Sub-Surface Temperature
Sensors Installed Along
Philbrook Street**

The Bethel Water District will provide frost depth information reports on a weekly basis this winter. This measure is part of a District plan to minimize water pipe freeze-ups during the coldest part of the coming winter. Frost depth readings will be obtained from instruments similar to an indoor-outdoor thermometer. The "outdoor" elements have been buried at depths of three, four, five and six feet in Philbrook Street. The temperature at these points can be read when the frost settles into the ground by turning on a meter which will be located in the Water District office. When readings of below freezing are received it will signal the time to start preventive measures both by District personnel and individual homeowners. Weekly temperature readings will be given to The Bethel Citizen for publication. When freezing temperatures reach the levels of sub-surface pipes, water

circulation can be increased by opening selected valves thus preventing water in the pipe from actually freezing which then requires the expense of digging, thawing and repair.

With respect to the water main which crosses the Androscoggin River, the Water District Trustees believe that the District is better prepared to cope with an emergency rupture of this key main than before the installation of special gate valves on each side of the river. If the main should break, these valves can be quickly closed thus preventing water in Bethel Village from draining into the river. For a short period Bethel residents would have to use water from the Paradise Hill reservoir on a rationed basis. However, temporary service could be restored by stringing fire hose across the Androscoggin Bridge and connecting the Chapman Brook reservoir supply with town mains in the vicinity of Bridge Street until the broken main was either repaired or permanently replaced.

Public Hearings on Basic Skills to be Scheduled in Towns of S. A. D. #44

In an effort to determine long-range educational goals for S. A. D. #44, the district Basic Skills Committee will hold public hearings on basic skills in each of the five towns of the district during the weeks of Oct. 22 and Oct. 29.

The Basic Skills Committee is chaired by Dr. Wayne F. Gersen, Telstar Principal, and includes Walter Phillips, Telstar Middle School Principal; Adler Muller, Elementary Supervisor; Eleanor Tracy, teaching Principal at Woodstock Elementary School; Phil Taylor, Ann Holt, Ted Davis, and Felix Otero-Otero, Telstar Regional High School teachers; Loraine Cyr, Woodstock Elementary teacher; and Karen Bean, Crescent Park

teacher. The committee has been charged with developing long-range goals for the district, and developing minimum competencies for district students.

The Basic Skills Committee plans to accomplish these tasks by holding public hearings, surveying the communities through the use of questionnaires in various public areas, and gathering information from the teachers in S. A. D. #44.

The sites and dates of the various public hearings will be released next week. The Basic Skills Committee hopes that the public will turn out in force to help the district determine their sentiment regarding the future direction of the schools in M. S. A. D. #44.

Senior Citizens' Foliage Trip

Wednesday, Sept. 26, was a gorgeous day. So the Friendly Senior Citizens of East Stoneham, Waterford, Bridgton, Albany and Norway, took their annual foliage trip, leaving North Waterford church at 8 a. m. on the Bennett Bus Line, motoring through East Stoneham, Lovell, Fryeburg to Conway and up the beautiful Kancamagus highway to Lincoln, N. H., where they saw the Indian Head and stopped at Clark's Trading Post and fed the bears, then on to Franconia Notch and to Profile Lake and viewed the Old Man of the Mountains; on to Twin Mountain and Mt. Washington Hotel for luncheon. From there they motored down through Crawford Notch, Willey's Slide, Bartlett, Glen, Intervale and North Conway, where everyone enjoyed J's Family ice cream treat and on down 302 to Fryeburg and home. All had a most enjoyable day and the foliage was lovely. There were 40 citizens and the bus driver aboard. The next senior meeting will be Oct. 3 at the Church vestry and a pot-luck dinner at 11:30 a. m.

We have been having several beautiful days this week, real Indian summer weather, just a little bonus, before cold weather sets in.

Georgia Brown is a patient at Stephens Memorial Hospital with a broken leg. We all are so sorry, Georgia, it had to spoil your vacation in Germany.

The Coopers were here over the week end. Mrs. Cooper has just returned from Detroit, Mich., where she was a delegate to the Scottish Rites.

Lee Lord is busy cutting stove wood and Clyde Stanton bought a cord of it last week.

Della Ricker of East Stoneham was a visitor at Jo Sanderson's on Saturday.

Lillian Herrick expects to go to Boston, Oct. 3, to get help for her eyes.

September has slipped by us again. We had beautiful weather last week and enjoyed watching the foliage turn the many different colors. Many large chartered buses went up on Route 26, carrying foliage watchers.

I took Joe Barrett for a ride and lunch at McDonald's and he got along much better, wanted to go to the Fair. I could just about hobble around so we didn't go to the fair. Sunday morning I went to Norway hospital and the "Doc" said phlebitis. I need something like that. He prescribed hot packs and capsules so I guess I'll survive. Heat makes it feel better.

Callers at Lawrence's: Ruby Coffin, Duane Lowe, Eveline Barrett, Mr. and Mrs. Joe Kallinowski, Mr. and Mrs. Herman Card.

The Community Club members and families had their first pot-luck supper, Sept. 29, and we really had a feed. More than 50 were present. Our new neighbor, who is 93 years young and her granddaughter, Heather, who live on the Arthur Allen farm, joined us and liked the way we served our supper, buffet style. Mr. and Mrs. Earl Cordwell also joined us for the first time since Sept. 1978; also Mrs. Madelyn Herrick, Mr. and Mrs. George Gibbs, Mr. and Mrs. Jimmy Abbott, Mrs. Lula Buck, Stan Beleckis, George Gibbs made a Mexican dish and Mrs. Cordwell a new dessert so we must have the recipes. They were very good. The Joe Kallinowski's guests, Mrs. Helen Deason, Frederick, M.D., Mrs. Gunnie Olson, Mrs. Elsie Larson, Mrs. Vicky McPheters, Port-

land, Conn., also joined us

and loved all the home cooked food including a home made mince meat pie. Mrs. Jessie Weston, Lydia Ross, Hilda Bray, I believe and another lady, also Mr. and Mrs. and Mrs. Alexander Ross. The members of the Ross family lived where Mr. and Mrs. Skip Chamberlain now live. That was a long time ago; but they still have an interest in the Community Club. Mrs. Ida (Ross) Hadley was unable to be present. Everyone had a plenty to eat and enjoyed the get together. They will try it again another summer, if everything goes well. David Lyons mowed the lawn and putted some panes of glass, and Ray Tripp hauled a refrigerator and stove to the junk man.

Our sympathy to the family of Mrs. Gladys Pray, who passed away Sept. 27. One son, Donald, lives here in our little hamlet and Kenneth lives in Windham.

Several from town went to Cumberland fair this past week and many will be going to Fryeburg this week. It's a great fair and a pretty drive if it doesn't rain.

Beryl Oja, Evelyn Chamberlain were at Lewiston, Saturday and visited Mrs. Adeline Stevens at

West Paris

— Mrs. Marian Chase, Corres. —

Mr. and Mrs. Wayne Lawrence are on vacation for a week.

Mr. and Mrs. Stanley Cram were week end guests of his brother and sister-in-law, Mr. and Mrs. Reggie Cram in Sanford.

Mrs. Elizabeth Abbott is at Ledgeview Memorial Home.

Dr. Wilbur Miller will be the guest minister at the Universalist Church, Sunday, Oct. 7, at 10 a. m.

Mr. and Mrs. Terry Cram and Alicia, South Paris, Mrs. Dorothy Cram, Amy and Adam, Oxford, called on Mrs. Arlene and Lyndell Farr, Sunday.

Mrs. Geraldine Dewhurst, Norway, is visiting her daughter and family, the Leroy Herricks, while Mr. Dewhurst is in England, visiting his sister, whom he hasn't seen in over 30 years.

Janie and Phillippe Rolfe are receiving congratulations on the birth of their daughter at Norway on Saturday morning. Monica Shea weighed 7 lbs., 6 oz. Her maternal grandparents are Bob and Mona Lowe of West Greenwood and her paternal grandparents are Harold and Monique Rolfe of Bethel.

Had a letter from Mary Mills of Bolsters Mills last week. Said she would be on the Foliage Train Tour to Island Pond, Vt., on Saturday. We went to Berlin that day and were in Gilead when the train went through. We waved to every car and most of the passengers waved back. They must have thought we were either awful friendly or nuts. Don't know if Mary saw us or not.

Last week we had cold nights; but the afternoons were just the days only fall seems to bring. The temperature was warm and the leaves had their fall colors of reds, oranges, yellows and bronze. These huge bouquets are just another reminder of nature's greatness. Sunday was a drizzly day and today it is still a bad day. This is the third day of Fryeburg fair and so far not that good weather.

Sept. 22 Sylvia Benson spent the night with her mother, Alice Foss, and sister, Judy Small in Hebron. They and six others of their family drove in two cars to Lynn, Mass., for Aldo Foss's funeral. She was a sister-in-law to Alice Foss. They stopped at Pier II in Hampton, N. H., for supper.

Everett Saunders took his son, Richard, to Berwick, Maine, to Mr. and Mrs. Dick Tyler's and Richard's, the 22nd and 23rd. Richard's birthday was Sept. 24 and he had a celebration there. The 24th he had his grandmother, Eleanor Morton, and uncles, Peter and Jock, of Newry, for cake and ice cream. His sister, Roberta, also called from New York.

Thelma Merrill and Mildred Merrill spent Friday in Lewiston.

Wednesday, Sept. 26, I received a telephone call and it was our friends from Newfoundland, Canada, telling me that they were in Bethel. They hunted up Frank and all came down to the house. What a grand time we had recalling some of the times together. These people, Mr. and Mrs. Bert Downey, had called up a motel in Newfoundland to say that they had room for three people in their home. There was a strike going on at the ferry and as the ferry is the only way to Newfoundland besides plane we were some glad to get a place to stay. As Mr. Downey was starting his vacation that week and going blueberrying he asked Frank to go along with him. Ira and I stayed with Mrs. Downey and children. The strike, I believe, lasted 10 days more or

less, I know that Frank was gone the whole week and it wasn't over when he got back. We were strangers and they took us in.

Mr. and Mrs. Lee Blake, Augusta, and Mr. and Mrs. Chuckie Mason, gave their parents, Mr. and Mrs. Charles Mason, Jr., a surprise 25th wedding anniversary celebration at the American Legion Hall Sunday. Mr. and Mrs. Chuckie Mason and two children took Ruth and Charles to Country Way Restaurant, South Paris, for dinner and brought them home through Albany to the Legion Hall. Their other children, Mr. and Mrs. Scott Mason and two children, David, Carole and Melinda, were all there. From our road were Mr. and Mrs. Tommy Gibbs and Heather; Mr. and Mrs. Frank Benson; Mr. and Mrs. Ernest Angevine; Judy Angevine and two girls; Mr. and Mrs. Frank Murphy; Mr. and Mrs. Bob Stearns; Mr. and Mrs. Ricky Seames and two children; Mr. and Mrs. Joe Shimamura and Jody, and Thelma Merrill; Ruth's parents, Mr. and Mrs. Pat Murphy, Bridge Street. They also had many other friends and relatives. A cake was served decorated for the occasion plus other refreshments.

Sunday we received a call from Sonny Kimball in Texas. Quite a few Bethel boys have recently started work for him on construction. Later in the evening our son, Wilfred, called from Carolina.

Monday we had for dinner my parents, Mr. and Mrs. George Allen, Norway and our son, Frankie and Tinker, Gilead.

Family
The family is a little book.
The children are the leaves.
The parents are the cover that
Safe protection gives.
At first, the pages of the book
Are blank, and smooth, and fair;
But time soon writes the memories
And paints the pictures there.
Love is the golden clasp
That bindeth up the trust;
O break it not, lest all the leaves
Shall scatter like the dust.

BUTANE LIGHTERS POTENTIAL HAZARD WHEN CARRIED NEAR WELDING OR OPEN FIRES

The following item taken from the "Vermont News Guide" of Sept. 18 has prompted Killington and Sunday River Ski Areas to forbid its employees to carry butane lighters in areas where welding or cutting operations are taking place. Through the courtesy of Burton Mills, this information was made available for publication in The Citizen as a service to others who may be unaware of the potential hazard of an exploding butane lighter.

"It may be of interest to your readers, especially those involved in local industries, to know that in the last 30 days, the Union Pacific Railroad has had two fatal accidents caused by disposable butane cigarette lighters. These accidents occurred in welding areas while employees were welding, with butane lighters on their person. A spark from the welder landed on the butane lighter, burned through, exposing the liquid butane which exploded.

"One lighter was in a shirt pocket and killed the individual instantly. The other employee had a lighter in his pants pocket. The explosion blew the man's leg off; he died a short time later.

"There is the same amount of force in a butane lighter when it

Motorists Advised to Prepare Vehicles for Winter's Rigors

With falling temperatures, frost on the ground, and earlier darkness the Maine State Police advise motorists now is the time to begin protecting their vehicles against possible misfortune during the colder months.

"It's just plain smart to plan ahead by winterizing a vehicle now rather than be caught with the battery down, radiator not protected by antifreeze, and without snow tires and chains," said Colonel Allan H. Weeks, Chief of the Maine State Police.

In addition, the defroster, heater and tire chains suddenly become important as the intelligent driver anticipates winter's challenges.

According to Col. Weeks, "Knowing that blustery days are coming, and that last minute rush for winterizing always jams garages and service stations, the thinking person acts in advance and gets his/her vehicle attended to during the lull before the storms."

The State Police Chief said that a change in driving habits is in order too, as motorists face many weeks of cold rain, moisture-laden snow, sleet and ice.

Gradual starts and stops, longer intervals between vehicles, signals well in advance of turning, cautious passing, and alertness for pedestrians who may slip or falter are the marks that distinguish the "truly good driver" from one who becomes an accident victim as a result of not making these adjustments before the first snow falls, he said.

"A vehicle in good shape, driven by a safety-minded driver, will collect dividends in peace of mind for oneself, comfort for passengers, and be the finest possible insurance against colliding with fellow road users," said Col. Weeks.

explodes as there is in approximately three sticks of dynamite. "Although this information may be concerned chiefly with motor vehicle employees, who are directly connected with welding and cutting operations, all employees should be warned of the danger. No one should have a disposable butane lighter on their person while in the vicinity of a welding or cutting operation or anywhere near open flames."

Leavitt defeated Telstar 7-1 in Wednesday soccer.

Scott McManus scored four goals, three of them in the third quarter, as Leavitt took a 7-1 soccer decision from host Telstar on Wednesday afternoon.

The game was tied at 1-1 at the half, as McManus scored for Leavitt and Bruce Clements, assisted by Rick Angevine, for the Rebels. In the third period, however, McManus' hat trick and single tallies by Brent Hammond and Van Wilkerson put the game out of reach.

Hammond collected his second goal of the afternoon in the fourth quarter to close out the scoring.

Mark Randall made five saves for the winners; Rex Croteau stopped 19 for Telstar, which is 2-9 and will host Winthrop on Friday.

Gould edges Buckfield 3-2 in soccer Wednesday.

Gould Academy scored twice in the fourth quarter Wednesday for a 3-2 soccer victory over visiting Buckfield.

An unassisted goal by Cruegar Morrell at 11:16 of the final quarter tied the game 2-2, then Ted Prime booted one home at 14:39 in an unassisted effort, to win it for the Huskies.

The Bucks took a 1-0 lead in the second quarter on a goal by Ted Dunn, Dave Bell assisting. Gould tied it in the third as Morrell scored. Scott Hurd getting the assist. Buckfield went back out front at 4:43 of the third as Ron Thompson scored on a direct corner kick.

Gould, now 3-3 on the season, held a 34-32 edge in shots. Mike

The fall schedule is in full swing with all classes of the S. A. D. #44 Adult Education Program having held first meetings by Oct. 4.

The Monday evening Yoga class and the Tuesday morning Yoga class are both scheduled for the Bethel Library. This represents a change in the published schedule. The evening class is under-enrolled at the present time but will meet on Oct. 8 to determine if there is enough interest to continue.

Classes which meet at Telstar and the Woodstock School will not meet Monday, Oct. 8, due to the holiday. Classes at non-school sites and at the Andover School will meet unless cancelled by the instructor.

Adult-Community Education Director Cathy Newell visited at Telstar on Oct. 2 with Clayton Blood, State Consultant for Adult Education, who conducted a training session on the GED test. Telstar continues to be a testing center for the high school equivalency test. Enrollment in Adult Ed. fall classes has topped 300. Several

MULTIPLE SCLEROSIS SOCIETY NAMES DRIVE CO-CHAIRMEN

Mary Chadbourne and Kay Chadbourne of Bethel have been named to serve as Residential Co-Chairmen for the Maine Chapter of the National Multiple Sclerosis Society in Bethel. The local drive will continue through Oct. 15.

Multiple Sclerosis, MS, is a neurological disease of the central nervous system, first diagnosed in young adults between the ages of 20 and 40. It is not a mental disease nor is it contagious. Symptoms of the disease could include numbness in parts of the body, defective vision, loss of coordination (speech difficulties, or loss of balance. Of special significance to MS is the unexplained disappearance of one or more of these symptoms either temporarily or permanently.

While no specific cures exist to control the disease itself, symptoms are treated by the two MS clinics in Maine, which make available equipment, such as wheelchairs, walkers, etc.; physical therapy; counseling services; recreational opportunities; and complete diagnostic evaluation by neurologists. Maine's particular interest in the disease reflects an MS incidence that is six times the

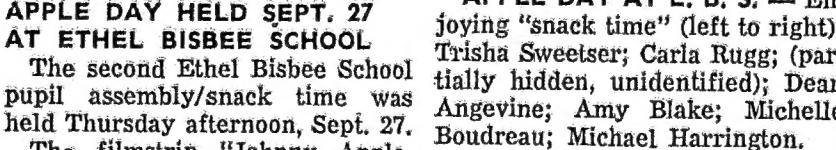

KENTS HILL EDGES GOULD 1-0 IN SOCCER SATURDAY

Kents Hill scored a tight 1-0 victory over host Gould Academy Saturday afternoon.

The two teams played a clean even game throughout the afternoon, displaying good hustle and ball control as most of the action centered around midfield.

Milmo Mamo scored the game's only goal at 10:57 of the third quarter. From a little Tom Wood penalty area fullback Tom Wood chipped the ball over to Mamo on a breakaway. Mamo let fly from the penalty marker, and the ball sailed just beyond goalie Jerome Howell's reach into the right corner of the net.

Kents Hill outshot Gould 30-16 on the afternoon. Howell recorded 13 saves, and Sal Augire, the Kents Hill goaltender, saved 11.

APPLE DAY HELD SEPT. 27 AT ETHEL BISBEE SCHOOL

The second Ethel Bisbee School pupil assembly/snack time was held Thursday afternoon, Sept. 27. The filmstrip "Johnny Appleseed" was shown to the children. Johnny Appleseed would have been 205 years old on Sept. 26. Apple dolls were shown.

The emphasis on nutrition this week was — APPLES! Featured were 10 varieties of apples: Virginia Crab, Golden Delicious, Red Delicious, Cortland, Macoun, Spartan, Spencer, McIntosh, Wealthy, and Early Blaze.

The apples were labelled and sliced for sampling. They were donated by Prince Orchard and Leavitt Orchards in Turner.

The "Dandy Lion Salute" tradition was started. Every two weeks two children will be chosen from the entire student body as special heroes. They'll be announced at

REV. CUMMINGS IS INTERIM PASTOR, METHODIST CHURCH
Guest pastor at the Bethel United Methodist Church for the month of September has been Rev. Millett Cummings. On Sunday, it was announced that he will continue as interim pastor. Rev. Cummings, throughout his years in the ministry, has served several parishes in Maine, including eleven years in the Norway-Paris area. He and Mrs. Cummings reside in Norway.

OXFORD COUNTY UNITED PARISH LISTS ACTIVITIES
Throughout New England there is an autumnal phenomenon known as "getting into gear." Maine folks find that the brisk air of September and October makes possible ambitious goals. Eagerly they roll up their sleeves and tackle projects they have been mulling over for some time.

So it is with the members of the Oxford County United Parish where the North Waterford, East Stoneham and Albany churches combine their efforts to triple the effectiveness of each one. This has been going on for a number of years and as a result the lives of many people have been enriched. Here are some of their projects:

Rural Health is always an important concern. On Wednesday, Sept. 26, an organizational meeting for a Physical Fitness Class was held at the North Waterford Church vestry.

Plans are also underway to establish a health clinic for the area. This will be especially helpful during the winter months as patients will not have to travel so far for routine health purposes. Infants can be checked and immunized, adults can get their flu shots and routine tests can be made.

An old fashioned harvest supper will be served on Thursday, Oct. 11 in the East Stoneham vestry from 5:30 to 6 p. m.

Two weeks later on Oct. 25, a father-son banquet will also be served in the East Stoneham Church vestry at 6 p. m. The Women's Fellowship will do the hosting.

The Oxford County United Parish members were busy all summer. Each Sunday afternoon they held church services and a food sale at the Papoose Pond camping area. The results of this new endeavor were satisfactory and it will be continued next summer.

The Women's Fellowship held a mother-daughter banquet last May. The Parish also publishes a quarterly calendar of events of interest to the three communities. These include listings of meetings and

WOMEN'S FELLOWSHIP HOLDS FIRST MEETING OF SEASON
The Women's Fellowship of the Congregational Church held their first meeting of the 1979-80 season at Garland Chapel Wednesday morning, Sept. 26. Mrs. Sandra Caton and Miss Mary Valentine were in charge. Nine ladies were present and signed the sheet for serving as hostesses in the coming months. After the business everyone rode over to Robert and Jane Grover's for a very interesting "show and tell" program of their wood working and leaded stained glass work. Also they showed many items they had brought back with them from places they had served in the Vista program.

events concerning the churches, lodges and service groups. Mrs. Jean Reynolds has served as editor.

During the summer months each church held public suppers twice a month. They featured such seasonal treats as strawberry shortcakes and a turkey supper with corn on the cob also on the menu.

An innovative project at the Albany Congregational Church suppers was a flea market which was well patronized.

Youngsters within the area enjoyed the two week Vacation Bible School held in the Albany Church this year under the direction of Jeffrey Hooker, minister, and a team of teachers.

Andover

—Mrs. Marjorie Jodrey, Corres.—

On Thursday, Sept. 27, at noon Cole's Express delivered 34 very heavy cartons of books at Jerry Marston's. Luckily Buster Marston and David Belanger were available to help unload the truck, while Jerry made quick phone calls that gathered the Advance Sales Committee members, Betsy Fisher, Virginia Daigle and Betsy Mixer. All missing lunch, the afternoon was spent in Jerry's cellar inspecting all 980 books (we're 20 short) for possible damage during shipping (seeing as they had travelled to Andover, Mass.) and riffling through every page and checking every binding on every book for defects. Beverly Swan, advisor to the group, came by after school, and with her help the tedious job went faster. Dot Campbell arrived after the Senior Citizens trip just in time to finish up. Jerry spent some time on the phone notifying members and townspeople that the books had indeed arrived. It wasn't long before anxious readers were at her door.

The mail orders were packed and delivered to the Post Office. They went out, insured, by fourth class mail on Friday. Jerry Marston's is a busy and popular place right now.

On Thursday, a group of Andover Senior Citizens went on a foliage tour. They motored to Gorham, N. H., where they all ate lunch at the Yokohama Restaurant then went on to Berlin, N. H., and did a little shopping. Then they went to Errol, N. H., by way of the 13 Mile Woods and back home to Andover. A very beautiful trip was enjoyed by Mrs. Marion Bodwell, Mrs. Elsie Hewey, Mrs. Alma Hewey, Mrs. Rena Spidell, Mrs. Thelma Clark, Mrs. Dorothy Campbell, Mr. and Mrs. Merton Fox, Mrs. Marguerite Emerson, Mrs. Louise Mills, Mrs. Marie Nupella, Mrs. Marie Lang, Mrs. Beatrice Dresser, Mrs. Laura Learned and Mrs. Margaret Learned. Mrs. Joy Schultz, who has been traveling the Appalachian Trail, met them at the restaurant and enjoyed lunch with them.

Mrs. Ismay Hutchins, Barbara Warner, Mrs. Agnes Porter and Mrs. Grace Simmons spent the week end in Kittery, guests of their sister, Mrs. Edna Hilton. While there they attended the Deerfield Fair.

Mr. and Mrs. Paul Nevel arrived at their home on Upper Main Street after spending the summer at their sporting camps on Lake Namahanta. They will return later this month for the hunting season.

Mrs. Betty Wheel of Plymouth, N. H., visited her mother, Mrs. Marion Mansfield, over the week end.

Mrs. Joy Schultz, Berwyn, Ill., has been a guest of Mr. and Mrs. William Nupella for a few days. On Aug. 13, Mrs. Schultz, age 71, started at Mt. Katahdin to walk the Appalachian Trail across the state of Maine, a total of 279 miles. After a few days rest, she continued to walk to Pinkham Notch, N. H., having reached her "goal" by noon September 25. She had then walked 305 miles. Mrs. Schultz or

IM MEMORIAM

In Loving Memory of Michael S. Brooks
Oh precious one,
God bent down and took you from us
last Saturday morning.
You were chosen to go,
and we are destined to stay.
Why? If only we could know.
We were all so fond of you Michael.
We pray for the strength to carry on without you.
I hope that you enjoy your eternal life in Heaven,
free from all pain and suffering.
You were loved and needed on both
Heaven and Earth.

Greenwood City

— Mrs. Celesta Morgan, Corres. —
Not far from home, I stood one day in an upland pasture to see the glory of our Maine Hills.

Even if I could find the words to describe the mountains and hills I'd have to change them from day to day. The color seems to vary from hour to hour. October is a fulfillment time, a time to see Nature's beauty. It's a time of swishing tree tops, the whisper of leaves, as they come down the hills dressed in finery for a dance festival. It's a time for barking foxes and hooting owls. Geese honk on their way south silhouetted against the blue sky. Why do they honk as they travel, I wonder?

The skunk seems to choose this time of year to dig in my lawn for slugs and other food.

Ducks take off from the pond in a diamond setting.

Over the ridges the hardwoods parade in blankets of red, yellow, bronze, gold, brown and scarlet. The days are near to perfection.

"The beauty of the autumn must be difficult to catch;

That exquisite art of color, brush and canvas cannot match.

Men and women, old and weary, plainly show the marks of years.

But a tree in late October in its finest robe appears."

—Edgar A. Guest

I wondered as I looked about why a leaf turns scarlet on one half and is golden on the other part? Why does another maple nearby stay green? Why does still another have just color on its leaf tips? So many whys unexplained.

I came upon a short-tailed shrew on its back in the path. Probably a hunting fox killed it and left it uneaten. The shrew is a smaller relative of a mole but has a strong musky smell. Maybe it was mistaken for a mouse. It spends its days underground, coming above only after dark. Shrews are very tiny at birth, looking like wrinkled pink honey bees. They are highly nervous and tense in their activities. I have often come across them in the way that I did today.

In Mosquito Lane there were still a few mosquitoes. They and the stick-ticks and the burdocks made things a bit interesting. If one were describing an attractive wild flower, I'm sure he'd leave out the burdock and stick-tick. The latter's appearance is not prepossessing, and the small barbed seed-vessels fulfill their destiny by making one's clothing a means of conveyance so that wayfarers detest them. But both are so constantly encountered in the fall that they can hardly be overlooked.

One by one I picked them off my clothes and cast them aside.

Facing the sun I noticed a thin, taut, shining line stretching across the lane. It extended like a silver thread from a bush to a tree.

This wonder was explained to me one day, when I watched a

tiny spider perform from a tree to a bush, as I looked from my kitchen window. This small spider lay in the lightness of the silk thread. Then in an upwind it spun and played out the slender filament. It floated on the faintest breeze; minute after minute the line was extended. Eventually a flowing current of air took it to a bush across my driveway. Here the silk was tangled and pulled taut. I rushed out to see how this was finished. The line of web has surprising strength and the maker of this "tight-rope" can walk it easily. So many times, as I have walked in the woods, I have had them come across my face! This silver silk strand which I saw against the sun, was no doubt done in the same way. Just another marvel of Nature.

My travels ended but not the beauty which I can see in all directions from my windows.

I shall look for tomorrow, another day, more loveliness, and for the coming in of October with dancing tongues of flame and if I pick up one leaf I can hold autumn in my hand.

Community Education Workshop To Hold Annual Meeting

The annual meeting of the Bethel Area Community Education Workshop Council will be held on Wednesday, Oct. 17, in the library at Telstar Regional High School at 7:30 p. m. The M.S.A.D. #44 Career Education team will provide the evening's program.

Over the past two years the Education Workshop Council has actively promoted the establishment of a Career Education emphasis in the efforts of the schools. As a result of those efforts a seven member Career Education team was formed and met last summer to draft the M.S.A.D. #44 five year plan for the infusion of Career Education in grades K-12. The five year plan has recently been approved by the school board. The team's presentation will focus on ways by which

Public Hearings Scheduled on Basic Skills

Basic Skills Committee Chairman, Dr. Wayne F. Gersen, announced the committee's schedule of public hearings this week, following a meeting at the S. A. D. #44 Teachers Workshop on Friday, Oct. 5.

At their meeting, the Basic Skills Committee reviewed the questions to be used at the public hearings; reviewed the contents of a questionnaire to be distributed in conjunction with the public hearings; and discussed the sites and format of the public hearings.

The testimony taken at the public hearings will focus on the following five questions, derived from the Maine Public Hearings of Basic Skills in 1978:

1. Are you satisfied with the preparation S. A. D. #44 students are receiving in school? If not, specify the subject areas and the grade levels at which students are receiving insufficient preparation.
2. Do you feel that S. A. D. #44 high school graduates have the skills needed to succeed in their adult life outside of school? If not, what skills are lacking and what might be done to ensure that students gain these skills?
3. What should be the standards/requirements for awarding or denying a high school diploma?
4. Who should be responsible for establishing standards/requirements for awarding or denying a high school diploma?
5. Do you believe that all students should receive the same type of high school diploma?

The schedule for the public hearings is as follows: Monday, Oct. 22, Andover Library; Tuesday, Oct. 23, Locke Mills Town Hall; Wednesday, Oct. 24, Bethel Fire Hall; Thursday, Oct. 25, Woodstock Town Hall; Monday, Oct. 29, Newry Grange.

In conjunction with these hearings, questionnaires will be made available to the public at post offices, town offices, and grocery
